

To the Hungerford Family of customers, employees and vendors.

Your health, safety, and well being will continue to be our top priority.

Our field technicians are following the recommendations of the Centers For Disease Control and the Virginia Department of Health. These recommendations include social distancing, hand washing, and the use of protective clothing accessories.

Hungerford's office staff will be working from home when possible and we ask our vendors and customers to call us when possible instead of visiting our office.

We feel these conditions will exist within our community for some time and Hungerford stands ready to make adaptations as the circumstances change.

Our goal remains to provide the Richmond area's finest customers with the service you have come to expect over the last 100 years.

- The Hungerford Team
